TO WHOMSOEVER IT MAY CONCERN

Exhibit G

This is to certify that we are ready to receive **Mrs. T.Omana Amma** 77/ year old female who is diagnosed as pneumonia and associated complications. She is currently managed in ICU with ventilator support. Tracheostomy was done. She can be followed up at our own centre for detailed examination and treatment. This hospital is capable of providing long term care for patients with a portable ventilator. We regularly perform tracheostomy to provide patients with portable ventilators and are very familiar with all the medical needs of stroke patients with peg tube and catheter. Please intimate the date and time of arrival so that we can arrange the medical facilities for the patient.

On information, ICU ambulance can be arranged to receive the patient from the airport.

Ananthapuri Hospitals and Research Institute is a 350 bedded Multi-speciality hospital located the national highway Bypass at Thiruvananthapuram. The hospital has all specialties and super specialties; well equipped with most modern infrastructure and health care delivery system.
